

Act against ...

# Hate Crime!

If you are a victim of hate crime there is something you can do about it?

Doing nothing isn't it!

Call the Hate Crime Helpline 0800 3891 425

## Introducing the Fife Hate Crime Helpline

Hate crimes - when people are deliberately victimised for their sexuality, race or lifestyle - happen every day to many people in Fife.

But when you are on receiving end - it is easy to feel completely alone.

There is no need to suffer any longer in silence. The Hate Crime Helpline is a voluntary service hosted by the Fife Men Project.

The completely confidential service ensures that victims can report their crime with confidence and receive the appropriate support and advice.

Remember - hate crime is just that, it's a crime and only by reporting it can you stop it.

## Why you should call the Helpline

You will be given support, sound advice and practical assistance if required to enable you to deal with whatever has or is happening. It may be that you just want to talk to someone about it or you may want the Police to know what has happened. Using the Helpline is a way to do this safely and if required anonymously.

Fife Constabulary fully support the Helpline and can act in a number of ways to prevent crimes from taking place as well as endeavouring to apprehend perpetrators.

You can use the Helpline to contact the Police or you can visit the Fife Force's website at [www.fife.police.uk](http://www.fife.police.uk) and make a report via the internet using the self-explanatory on-line referral process.

No Hate Crime is ever trivial
